ANNOUNCEMENT

We are authorized to announce JOHN S. C. CHAMBLISS, Jr., for the office of State Auditor, subject to the action of the House of Delegates.

More factories are in operation here than at any time within 15 years. What does that mean?—Parity.

More bankruptcies in operation here than at any time in six years. What does that mean?—Parity.

Is there any greater news than at any time for six years. What does that mean?—Parity.

Cotton, and corn, and wheat are lower at any time in six hundred years. What does that mean?—Parity.

Mr. McKinley says we are to have the gold standard and war taxes for a period of four years longer. We do not intend to remain the President that the people will have something to say at that subject in 1900—Silver Knight.

More miles of railroad are now under construction than at any time in six years. What does that mean?—Parity.

More miles of farm fences out of repair than at any time in twenty-six years. What does that mean?—Parity.

It is an awkward thing to have a politics that allow you to retire only when you have an assignment of a strike.

It is a handy thing to have "politics" that provide you with a means of holding the cry of distress that goes up from every farm in Madison county. Ask the banks how many farmers in Jan. 1, will have a dollar to their credit and their shells? What does that mean?—Parity.

Mr. Baileys has a plan to cancel the obligations of the Republican party and conduct the next campaign on the following grounds. Let Democrats take notice.

The course of a conversation with friends at the Louisville hotel yesterday afternoon, says the Louisville Democrat, "covered the ground of the fact that despite the Republican discussion in some quarters had long been a question of the fact that the Democrats had only carried this state at the recent election about 15,000 majority and it was caused from the result that, with a united party and a good ticket, the Republicans can carry Kentucky next year. He turned the subject of the campaign upon the single issue of the repeal of the gold standard. He said, possibly the recognition of the money money Democrats and the Democrats in the make-up of the state ticket."

Here is campaign material for Democrats, contained in a dispatch from Frankfort:

The old contract with Martin & Co. for the output of the penitentiary chair plant was amended today to the number and cost of a new contract.

"Martin & Co. are to buy all the lumber and cut stock now on hand and ready for the State to use for chairs, for all their own material and for the State, and to pay 40 cents a day for the labor of cutters and finishers."

"Under the old contract, made by the Republican Commission, the State furnished all the material for the chairs and Martin was to pay a price for the chairs that would yield the State 5 cents a day for each chair. Under the new contract, it is said to have cost \$100,000 a year, and it was the last of the money of the State, from the State Prison Bill."

"When the 400 convicts go to work there will be only 125 men in the penitentiary out of over 1,000."

The Democratic committee on the money saving to the State as a result of Democratic control of our penitentiary institutions."
